

TANIN

Oil and grease dissolver

Ingredients:

TANIN contains: less than 5% anionic surfactants, non-ionic surfactants, less than 5% NTA. Other ingredients: potassium hydroxide, water-soluble solvents, corrosion inhibitors and solvents.
pH-Wert ca. 14.

Performance:

: Quickly and easily removes mineral, vegetable and animal oils and fats. Even stubborn oil and grease residues, soot, tar and metallic and rubber marks are effortlessly removed. Low-foaming and largely odor-neutral, it can be used with a wide variety of machines and units without any difficulty. Non-flammable. Gentle on materials.

Application notes:

All alkali and water-resistant floorings and fixtures and fittings (not on linoleum, wood and aluminum) in workshops, storerooms, canteens, large catering establishments and food-processing plants. Also suitable for cleaning production facilities. If it is not known whether the material being cleaned is alkali-resistant, this can be tested on an inconspicuous patch by briefly laying on a cloth / sponge soaked in TANIN (leave on for 3-5 min.). (After removal of the cloth/sponge and rinsing with water, there should be no noticeable change to the material.)

Usage:

For normal soiling use 2-10%. In stubborn cases use 50% to concentrated.

Art.-Nr.: 04650	200 l
Art.-Nr.: 04609	10 l

Suitable for single-disk and multiple-disk machines (pad or brush), cleaning machines, wet-wiping equipment, high-pressure units, scrubbing brush and sponge pad.

Precautions for use:

Causes severe burns. May cause sensitization by skin contact. Contains caustic potash solution. Keep out of reach of children. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. In case of contact with skin, rinse immediately with plenty of water. Wear suitable protective clothing, gloves and skin/face protection. In case of accident or if you feel unwell, seek medical advice immediately and show the label.

Ecology:

This product is subject to regulations governing the environmental compatibility of washing and cleaning agents and the associated regulations on the biological degradability of the raw materials used.

Comprehensive information on the environmental characteristics of this product is available on request.

Give only completely emptied packaging to special waste disposer.

This product is designated for industrial use.
