Compact pressure sensor SPAB

The inexpensive, compact pressure sensor SPAB with display is distinguished by its outstanding ease of operation thanks to intuitive menu navigation. It's simple to set up with surprisingly short installation and commissioning times thanks to compact dimensions of only 30 x 30 mm.

Diversity in action

Thanks to a great variety of configuration options:

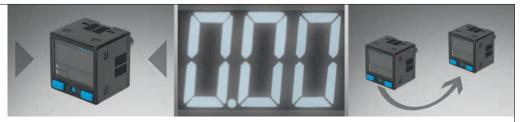

- NPN or PNP switching outputs
- Analogue voltage output
- Country-specific pressure connection in NPT, RPT and G formats
- Electrical connection: M8 or cable
- Wall or panel mounting

Conspicuously clear-cut

With its clear-cut switching status display, the SPAB reliably indicates system status. Its twopart, three colour display assures straightforward menu navigation and read-outs.

Quick copying

After one device has been programmed, settings can be transferred to all other SPAB pressure sensors.

Only 30 x 30 mm

Clear-cut and straightforward

Copying function

Compact pressure sensor SPAB

Type codes				2	SPAB	- 8	P1	OR	-	G18	3 –	2P	 K1
Functi	ion												
SPAB	Compact pressure sensor with display												
Press	ure measuring range												
B2	-1 to 1 bar												
P10	0 to 10 bar												
Meas	ured variables												
R	Relative pressure												
Pneu	matic connection												
G18	M5 internal and G1/8" external thread												
R18	M5 internal and RPT external thread												
N18	M5 internal and NPT external thread												
Elect	rical output												
2P	2 switching outputs, PNP												
2N	2 switching outputs, NPN												
PB	1 switching output, PNP, and 1 to 5 V analogue												
NB	1 switching output, NPN, and 1 to 5 V analogue												
Elect	rical connection												
K1	Cable, 2.5 m long												
M8	M8x1 plug												

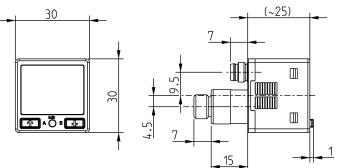

Technical data				
Design	B2	P10		
Pressure meas. range [bar]	-1 to +1	0 to 10		
Measured quantity Relative pressure				
Pneumatic connections	M5 internal, G1/8" external			
	M5 internal, RPT 1/8 external			
	M5 internal, NPT 1/8 external			
Display	3-colour LCD			
Accuracy FS	1 %	2%		

Electrical data

Switching outputs	2 x PNP; 2 x NPN		
Analogue output	1 to 5 V		
Operating voltage range	12 to 24 V DC		
Electrical connection	M8x1 plug; Cable, 2.5 m long		

Operating and ambient conditions

Operating medium	Filtered compressed air, lubricated or unlubricated, degree of filtering: 40 µm					
Operating temperature range	0 to 50° C					
Protection class	IP 40					
Approval	c UL us recognised (OL); C-Tick
