Factory - Intelligent Engineering, Shop, Sales and Service

PREMIER TABLE

PREMIER tables are highly durable, they include metal structures, and are intended for use in dining halls, conference rooms, meeting rooms, etc.

The tables are rectangular or circular in shape with folding legs, in 2-mm high-pressure laminate resistant to stains, heat and impacts.

The laminate used on the table surface and underside is pressure-glued to 16-mm particleboard.

The perimeter of the table is finished with vinyl moulding, with fixation points every 300 mm.

A 1-mm anti-humidity sheet protects the table's underside.

The structure is light, high-density and durable.

The modesty panel is made of laminated steel with an 18-mm flange.
