

# Nilfisk UZ 964

Dry Vacuum Cleaner

Hip Mounted Vacuum Cleaner

Worn like a belt around the waist, the UZ 964 lets you clean staircases with ease, makes cleaning in cramped office cubicles quick and hassle-free, and takes the strain out of above floor cleaning such as window drapes or shelving.

## Belt up and clean

The UZ 964's ergonomic design and low weight make it so easy to use.

No back or shoulder strain whatsoever. On stairs or cramped and narrow places, wherever pulling a conventional vacuum cleaner is difficult, the UZ 964 solves the problem.

The optional Phase 1 pre-separator is the perfect complement to the dust bag and is ideal for the collection of large debris. It offers increased collection capacity and extra long operating time between bag changes.

## Wide range of options

For critical cleaning applications, a HEPA filter can be fitted. Other options include a range of nozzles for special cleaning applications, re-usable cloth dust collection bag, telescopic tube and Phase 1 pre-separator.

- Lightweight – less than 3 kg
- Left or right hand operation
- Ideal for stairs, tight spaces and overhead cleaning
- Ergonomical, no strain on spine or shoulders
- No machine to pull or push
- 15 m cable gives wide working radius
- Handy storage of accessories on belt

Left or right hand operation lets you simply walk and clean

Less than 3 kg in weight and a sound level of only 59 dB (A)

Easy to service
