

Coffee-Hand (Insulation Sleeve)

Coffee-Hands (insulation sleeves) are the ideal solution for holding hot paper cups.

Coffee-Hand is supplied pre-assembled and is made of the same type of paper as the paper cup.

It is very easy to put the Coffee-Hands around a cup as they match the shape of the cup. Using Coffee-Hands will eliminate double-cupping in a cost-effective and environmental-friendly way. It will also promote sales of coffee-to-go as customers really appreciate the benefits and performance of the cup sleeves.

Coffee-Hand is the best solution to hold hot drinks in paper cups:

- Coffee-Hand gives a very comfortable hold even when the drink is very hot.
- Coffee-Hand is produced from the same paper as the paper cup and gives a uniform look.
- Coffee-Hand is printable with the customer's own design - up to four colours.
- Coffee-Hand increases sales and customer satisfaction.
